Mike,

Rep Kooyenga was unaware that your colleague, Michael Duchek, already drafted identical legislation for another Assembly member. It is our understanding that the draft LRB 2929/P1 meets the legislative intent. I apologize for the confusion.

Bill:

Much of the drafting instructions below relate to the practice of a physical therapist. The final bullet point says that no changes are to be made to subch. III of ch. 448, which regulates the practice of physical therapists. Does that mean you want language the draft creates concerning physical therapists to go in ch. 462 instead of subch. III of ch. 448? On first glance, some of the material will be out of place if not in subch. III of ch. 448; so, I am double-checking.

Thanks.

Mike

Subject: Draft Request

Mike,

Rep Kooyenga would like to draft a bill that amends statute 462.04

The summary of intent is:

- A radiologic technician will accept an order from a physical therapist who orders an x-ray for a patient.
- The x-ray images will be interpreted by a radiologist.
- The professional charge for the interpretation will be generated by the radiologist.
- The physical therapist will collaborate with the radiologist as necessary to develop an appropriate plan of care.
- If the x-ray has a finding that is outside of the scope of practice of physical therapy, the physical therapist has a duty to refer [Wisconsin Statute 448.56(1)(m)] to an appropriate medical provider.
- Physical therapists will not formulate a medical or chiropractic diagnosis.
- No changes will be made to the current Physical Therapy Practice Act (Wisconsin s. 448.50).

Thank you for your time.

3866/1

PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION

— gen cat

1 **AN ACT to amend** 462.04 of the statutes; **relating to:** prescriptions or orders for
2 the use of diagnostic X-ray equipment by radiography examining board
3 licensees and permit holders.

Analysis by the Legislative Reference Bureau

Under current law, subject to certain exceptions, no person may engage in the practice of radiography unless the person holds a license or limited permit issued by the Radiography Examining Board. Radiography is generally defined as the imaging of anatomical structures, produced by the combined application of X-rays to the human body. In addition, under current law, a person holding such a license or permit may not use diagnostic X-ray equipment on humans for diagnostic purposes unless authorized to do so by a prescription or order issued by one of several types of licensed medical professionals specified under current law.

This bill adds licensed physical therapists to this list of licensed medical professionals authorized to prescribe or order the use of diagnostic X-ray equipment.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

x

4 **SECTION 1.** 462.04 of the statutes is amended to read:

5 **462.04 Prescription or order required.** A person who holds a license or
6 limited X-ray machine operator permit under this chapter may not use diagnostic

1 X-ray equipment on humans for diagnostic purposes unless authorized to do so by
2 prescription or order of a physician licensed under s. 448.04 (1) (a), a dentist licensed
3 under s. 447.04 (1), a podiatrist licensed under s. 448.63, a chiropractor licensed
4 under s. 446.02, an advanced practice nurse certified under s. 441.16 (2), ~~or~~ a
5 physician assistant licensed under s. 448.04 (1) (f), or a physical therapist licensed
6 under s. 448.53.

7 (END)
